AUSTRIA 2018

54th WORLD MILITARY SKIING CHAMPIONSHIP

Dear CISM friends

It is an honor and a pleasure for me to be the Official CISM Representative for this 54th World Military Skiing Championship.

We live in a complex world that seems to be filled with problems and conflicts.

I feel that too often we are focusing on the things that divide us apart. CISM offers a unique opportunity that embraces our differences in culture, religion and language, and ignores our political differences.

The miracle of CISM lies in its ability to draw tremendous strength from the very elements that might otherwise keep us apart.

What are the tenants of our motto “friendship through sport”?

- tolerance and understanding
- tradition and honor
- friendship and respect
- peace and safety
- respect and humanity

The Austrian delegation allows us to share all these values for the next days and enable us to become not only friends in sport, but friends for live.

Welcome to Hochfilzen

Walter VAN VELTHOVEN
Col MAB [ret]
CISM Treasurer General

Ladies and Gentlemen,

Honoured athletes, coaches, officials and staff personal of the 54th Military World Ski Championship

In 1958, sixty years ago, Austria joined CISM as the 23rd member nation and has effectively turned into one of the most active countries. Based on our long tradition being a successful winter sports nation, the Austrian Armed Forces have been tasked with hosting the 54th Military World Ski Championship.

The Salzburg Provincial Military Command has already impressively proved its experience and proficiency in conducting such sport events in the past, is responsible for the organisation of this Championship and established an excellent basis for all participants.

In accordance with the moto of CISM, “Friendship through Sport”

I wish everyone

- successful competitions, based on fair play and free of injuries
- the deepening of cross-nation military friendship and
- beautiful and unforgettable days in Austria.

[GASSER Gernot, Brigadier General]
